## FOUR PRISONERS BREAK OUT OF WOOSTER JAIL

THREE OF MEN ARE ACCUSED  
OF MURDER IN THE FIRST  
DEGREE.

JAIL BUILT TWO YEARS AGO

How Escape Was Made Not Yet Been  
Made Clear—Four Prisoners  
Remained Behind.

Worcester, O., Jan. 5.—When Sheriff  
Armstrong Brown who retires from  
office on Sunday went to look after  
the prisoners in the jail this morning  
he discovered that four of the men  
had escaped during the night. Those  
who are missing are Allen Miller,  
Wm. Everhart and Harry White of  
Alliance, and Edward Brown of Orr-  
ville. The first three are under in-  
dictment for murder in the first de-  
gree, charged with having caused the  
death of Thos. Dye a mere boy at  
Orrville last May. Brown was charg-  
ed with criminal assault on his  
daughter and had admitted his guilt.  
Four other prisoners, charged with  
minor offenses, made no effort to es-  
cape and the men claim they did not  
know the others had got away. Just  
how the men made their escape is  
not known, but it is thought that  
Brown, who is a machinist, made  
keys and that one of the murderers  
managed to get his hands through  
the bars and unlocked the door, or  
it is possible that they may have had  
assistance from the outside. The  
jail is a new one and was built only  
two years ago.

The chief of police at Crestline, at  
10 o'clock today, telephoned that he  
had captured Wm. Everhart, one of  
the escaped prisoners. Suspects are  
also held at Canton, Massillon and  
Mansfield.

Chief Sheridan received a message  
Saturday from Wooster giving a de-  
scription of three of the escaped pris-  
oners. Harry White and Allen Miller  
both 20, are wanted for murder. Charles  
Brown, 40, is charged with assault.  
The local officers were asked  
to keep watch for the men.

## FIFTY PER CENT

Of Brooklyn School Children Are  
Afflicted With Eye Trouble  
Says Dr. Bassatt.

New York, Jan. 5.—Fully 50 per  
cent of the public school pupils of  
Brooklyn are afflicted with eye trou-  
ble, according to Superintendent  
Bassatt of the Brooklyn Eye and Ear  
Hospital. One third of these have  
trachoma. The disease, he insists, is  
spreading rapidly to other boroughs.  
Dr. Bassatt advocates the building of  
special hospitals by the city for treat-  
ment of trachoma victims before the  
disease passes to the incurable stage.

## A DEEP LAID SCHEME OF CHINA

was given today to the report that the

Russia and France to send delegates  
to an international conference at Pekin

## CITY OF PANAMA BELIEVED TO HAVE WRECKED AT SEA

LIFE RAFTS COME ASHORE AT  
SANTA CRUZ SAYS WADDELL  
BEACH MESSAGE.

OVER HUNDRED MAY BE DEAD

If Panama Was Wrecked It Is Be-  
lieved Due to Accident to Boat's  
Machinery.

San Francisco, Jan. 5.—One hun-  
dred and sixteen persons are believed  
to have perished on the steamer City  
of Panama which is thought to have  
gone down a short distance north of  
Santa Cruz on New Year's day while  
on her way to Ancon, Panama.

A message from Waddell Beach, 15  
miles north of Santa Cruz, confirms  
a report that four life rafts, fully  
provisioned and equipped, have come  
ashore near there.

A severe storm has been raging  
and it is hardly possible any occu-  
pants of the rafts could have es-  
caped.

Of course it is barely possible that  
the wreckage was washed from the  
damaged vessel which then proceed-  
ed on her way to the isthmus of  
Panama. This theory is hardly ten-  
able, as if the steamer had been so  
badly damaged she would have re-  
turned to port for repairs.

Following is a list of the cabin pas-  
sengers: Dr. Henry Waldo Coe and  
wife, Portland; James Bowdry, W.  
G. McPherson, R. G. McPherson.  
Dr. E. R. Rutherford and wife, T.  
F. Prince, Frank J. Gluays, Thomas  
Clark, Charles L. Spafford, J. V.  
Cooney, Harry Cooper, wife and  
child.

There were 25 Chinese and 20  
whites in the steerage.

A short distance from the coast a  
mass of wreckage is tossed by the  
heavy sea but this has not yet been  
examined because no large boat is  
available.

The Panama left San Francisco on  
Monday for Mexican ports and  
should have reached Mazatlan yester-  
day.

If the Panama was wrecked it is  
believed an accident to the machin-  
ery or a boiler explosion must have  
been the cause. Dr. Coe is a promi-  
nent physician of Portland, Ore.

New York, Jan. 5.—At the general  
office of the Pacific Mail Steamship  
company it was stated today that no  
report has been received there of the  
sinking of the Panama.

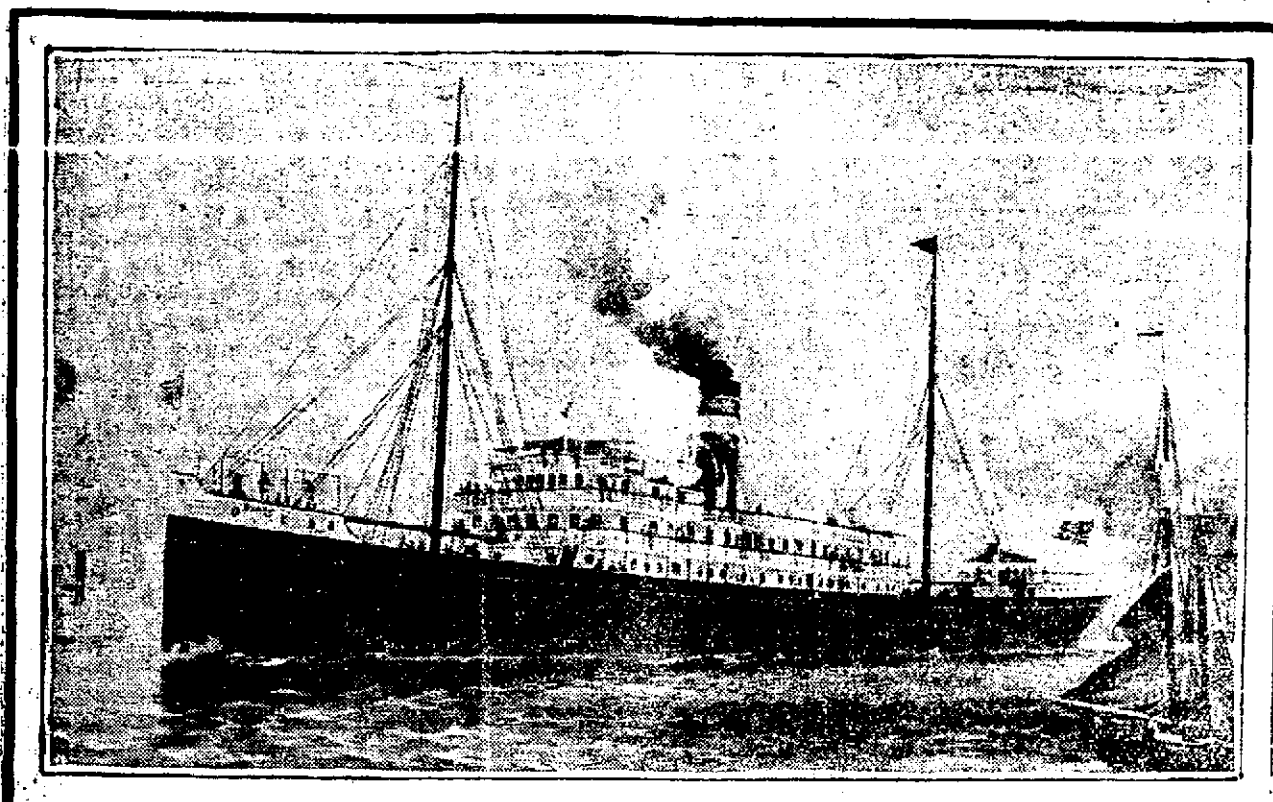

## Fuel Famine in Los Angeles.

Los Angeles, Jan. 5.—Los Angeles  
is suffering from the worst fuel fami-  
ne in the history of the city. In the  
face of an unusually cold spell of  
weather for this climate, which has  
continued since New Year's day, the  
gas, wood and coal supply has become  
practically exhausted.

W. K. McDougal, a widely known  
railroad man, committed suicide in  
the City of Mexico by shooting him-  
self in the head.

to discuss the commercial future of  
Manchuria. Behind the invitation, it  
is known, is a deep laid scheme on  
the part of China to wrest control of  
Manchuria from Japan. In carrying  
out this plan, China hopes to enlist  
the powers named to back her.

## STEAMSHIP PONCE IS FIVE DAYS OVERDUE AND MUCH ALARM IS FELT FOR SAFETY

The S. S. Ponce.

New York, Jan. 5.—There is still  
no news of the steamer Ponce of the  
New York and Porto Rico steamship  
company, now five days overdue. Un-  
usually heavy weather is reported by

the steamer Advance from Colon to-  
day and this has increased the alarm  
felt for the Ponce's safety.

Besides the eleven passengers  
there are fifty members of the crew

on the vessel. As the Ponce is not  
equipped with wireless telegraph ap-  
paratus she may reach Sandy Hook  
before news of her presence comes to  
the marine observers.

Paris, Jan. 5.—William E. Corey,  
president of the United States Steel  
corporation is living under the same  
roof with Mabelle Gilman, the actress  
whom he will soon marry, according  
to the latest reports. Corey, his  
fiancee, sister and Miss Gilman's  
mother have been living together in  
Chateau Ville Degnis near Miss Fer-  
riers, since December 21. The steel  
magnate bought the country place  
three months ago for the sum of 650-  
000 francs. Corey and Miss Gilman  
go automobiling every day. The date  
of the wedding is not yet known.

## DOCTOR ACCUSED

New York Physician Arrested for  
Sending Infernal Machine to  
Father-in-Law.

New York, Jan. 5.—When Dr. Julius  
Adelphi Gottlieb, the physician who  
was arrested for sending his father-in-  
law, Morris Gluckman, a retired bro-  
ker, an infernal machine, is arraigned,  
he may have to face other charges  
fully as serious as that which result-  
ed in his arrest. Complaints against  
Gottlieb poured in on the police from  
many young women who desired to  
become trained nurses, and who al-  
lege that they had paid Dr. Gottlieb  
various sums of money on his repre-  
sentation that he could obtain diplo-  
mas and registry for them without  
their having complied with the legal  
requirements.

## PITTSBURG HAS 1,000 CASES OF TYPHOID AT PRESENT TIME

Pittsburg, Jan. 5.—The rapid vari-  
ation in Pittsburg weather during the  
week produced a marked increase in  
local diseases according to the record  
in the health office. Health Officer  
Edwards today stated that probably  
there are 1000 cases of typhoid fever  
at this time. Impure drinking water  
is blamed.

## TO SUPREME COURT

Appeals Will be Taken in Cases Un-  
der Employers' Liability Act  
by Government.

Washington, Jan. 5.—It was stated  
at the department of justice that ap-  
peals will be taken direct to the su-  
preme court of the United States in  
both of the cases under the employers'  
liability act, which recently was de-  
cided to be unconstitutional by Judge  
Evans at Louisville and Judge McCall  
at Memphis, in which even the attor-  
ney general probably will ask leave to  
appear in support of the constitutionality  
of the act, as was done in the  
courts below.

## THREE BABY GIRLS MOTHER IS FIFTEEN FATHER SEVENTEEN

May Kirk, aged 15, yesterday present-  
ed her husband, John Kirk, aged 17,  
with three girl babies, total weight 15  
pounds. The mother kept at her work  
until last Monday. Neighbors found  
the three infants snugly wrapped in  
the father's overcoat without other  
clothing.

## FORTY KILLED IN LANDSLIDE

Berlin, Jan. 5.—Forty workmen are  
believed to have been killed in a land-  
slide which occurred yesterday on a  
railroad line being constructed between  
Lamscheid and Hunrueck. The men

been recovered by rescuers. It is  
feared all have perished.

## NEGRO LYNCHED

Eufaula, Ala., Jan. 5.—A negro,  
name unknown, was lynched for at-  
tempted criminal assault at Midway,  
Ala. He was swung to a tree and  
riddled with bullets. He entered  
Miss Morrell King's room at Midway  
and grasped her hand before she  
awoke. He confessed.

## "LID" IN LONDON

London, Jan. 5.—The continually in-  
creasing disposition of the British  
public to make Sunday a day of pleas-  
ure seeking has induced certain reli-  
gious bodies to make an effort to stem  
the movement. The Archbishop of  
Canterbury, the Archbishop of West-  
minster and Rev. John Scott Lidgett,  
representing respectively the English  
and Catholic churches and the non-  
conformists, have issued a joint "mes-  
sage to the nation" calling for stricter  
observance of the Sabbath. The mes-  
sage evidently is aimed at the aristo-  
cratic classes, who are more than ever  
devoted to Sunday pleasure.

## FORTUNE TELLER HELD FOR MURDER OF VZRAL FAMILY

Chicago, Jan. 5.—The coroner's jury  
held Herman Belek, the fortune teller,  
responsible for the deaths of three  
members of the Vzral family, and he  
was held to await the action of the  
grand jury. It was declared by the  
members of the jury that in their  
opinion Belek caused the deaths of  
Mary, Ella and Rose Vzral by admin-  
istering to them arsenic in small  
doses. It is claimed by the police offi-  
cers who have worked up the evidence  
against Belek that, in conjunction  
with Mrs. Vzral, the mother of the  
girls, he poisoned them in order to  
obtain small sums of money for which  
their lives were insured. Mrs. Vzral  
committed suicide as soon as it was  
made known to her that the deaths of  
her children were to be investigated.

Floods in Southern Indiana.  
Indianapolis, Ind., Jan. 5.—Southern  
Indiana is threatened with the worst  
flood in years. From several places  
reports of great numbers of persons  
moving out of the lowlands. The  
Ohio river at Evansville is expected to  
reach a stage of 40 feet, which would  
be five feet over the danger line.  
Much suffering is already reported.

Fifteen schools in Gibson county  
Ind., were closed by high waters.

## SENATOR WARREN ACCUSED OF BEING A LAND GRAFTER

MORE THAN 70,000 ACRES OF  
WYOMING LAND SAID TO  
BE INVOLVED.

## WARREN ASKS INVESTIGATION

Second Time in Six Weeks Western  
Senator Has Been Named in  
This Connection.

(Bulletin.)

Washington, Jan. 5.—The secretary  
of the interior, Hitchcock, is investi-  
gating United States Senator Francis  
E. Warren of Wyoming, chairman of  
the senate committee on military af-  
fairs. The senator is charged with be-  
ing a "land grafter," it being alleged  
he fenced in and appropriated to his  
own use public lands in his state.  
The charges are formal in character  
and are accompanied by various data,  
maps, etc. The name of the person  
who filed the charges is not disclosed.  
President Roosevelt himself is said  
to have inspected the papers. Neither  
he nor Mr. Hitchcock believes the  
charges, but they feel that a careful  
inquiry will be but justice to the sen-  
ator. The senator denounces the  
charges as false and declares they  
are being pushed solely for the pur-  
pose of persecuting him. He invites  
the fullest investigation. The lands  
in question are located near Chey-  
enne, Wyo. More than 50,000 acres  
are said to be involved.

This is the second time within six  
weeks that Senator Warren's name  
has been mentioned in connection  
with alleged land frauds. The day  
before Thanksgiving a story was  
printed from Salt Lake City telling  
of an affidavit presented by Michael  
A. Miendorf, a special agent of the  
government in the investigation con-  
ducted by Interstate Commerce Com-  
missioner Clark into the coal land  
frauds in Utah and Wyoming. Miendorf  
declared that Senator Warren  
had met him in Denver and had en-  
deavored to induce him to stop his in-  
vestigation of the coal land frauds  
charged against the Union Pacific.  
He alleged that Warren told him he  
ought not to go after that railroad  
and incur the enmity of the company.  
As a result of his activities, Miendorf  
said he was removed from Den-  
ver in 1905 and pressure was  
brought to have the case of the Wy-  
oming lands turned over to Inspector  
described as a confidential friend of  
Macey, chief clerk of the interior de-  
partment at Washington, and also a  
personal friend of Warren. The sen-  
ator promptly denied the charges and  
insinuations of Miendorf.

## "MOTHER WOULD DIE IF I MARRIED TODAY"

"Very Well" Shouted Mr. Bell as He  
Drove Away from Marion—The  
License was Returned.

Marion, O., Jan. 5.—After six years  
of ardent courtships, during which  
time his marriage to Miss Mabelle  
Topfiff, aged 21, of La Rue, has twice  
been postponed, Correll Bell, aged 25,  
cashier of the Big Four railroad at  
Union City, Ind., left Marion yester-  
day for Union City convinced that the  
thirteenth charm is a humbug.

Bell, who is a son of School Super-  
intendent R. M. Bell of La Rue, ar-  
rived here Thursday. He procured a  
rig and drove to the home of his sweet-  
heart. There he found the entire fam-  
ily in tears. The minister had come  
and gone.

"It would kill mother for me to mar-  
ry you today," said the tearful bride.  
"Very well," shouted the would-be  
Benedict, "I'll go back to Indiana,  
but it will be the last time I'll ever  
'marry' you."

The license was returned.

## KILLED BY BEANS TAKEN FROM CANS

Los Angeles, Jan. 5.—Three persons  
are dead here as a result of ptomaine  
poisoning, caused by eating canned  
beans. Henry Carter, a well known  
resident of Ontario; his daughter,  
Miss Mabel, 28, and C. E. Abbott par-  
took of canned beans for luncheon  
while on a camping trip, and were al-  
most immediately taken sick. They  
were able to return home, but the ill-  
ness of all three terminated fatally.

As a result of the explosion near  
Akron, O., of an 18-inch main carry-  
ing gas from West Virginia the city of  
Cleveland was entirely cut off from its  
natural gas supply.

## EMERY COMPANY ASKS UNCLE SAM FOR PROTECTION

BOSTON CAPITALISTS ARE IN  
TROUBLE WITH NICARAGUA-  
GUAN GOVERNMENT.

## VALUABLE PROPERTY SEIZED

Emerys Got Concessions from Mos-  
quito Indians and Now Ask  
For Warships.

Guatemala City, Jan. 5.—The Geo.  
D. Emery company, composed mostly  
of Boston capitalists, is in trouble  
with the Nicaraguan government and  
has asked the United States to send  
warships to Bluefields to protect its  
interests. The Nicaraguan government  
has abrogated the mahogany cutting  
concession held by the Emery com-  
pany and seized the \$250,000 plant.  
The Emerys got the concession from  
the Mosquito Indians. It carried the  
right to import duty free, supplies for  
working it. President Zelaya says  
these untaxed supplies have been sold  
to others than employees of the com-  
pany. Minister Grey has gone to the  
Mosquito territory to investigate.

## MRS. MARY EDDY ISSUES REPLY TO McCLURE ARTICLE

Concord, N. H., Jan. 5.—The life of  
Mrs. Eddy, begun by McClure's, has  
called forth a signed statement.

The statement as given out by Mrs.  
Eddy's representatives today says:  
"It is a calumny on Christian Science  
to say that man is roused to thought  
or action only by ease, pleasure or  
recompense. Something higher, nobler,  
more imperative, impels the impulse  
of the soul. It becomes my duty to be  
just to the departed and to tread  
not ruthlessly on their ashes. The at-

ack on me and on my late father and  
his family in McClure's Magazine Jan-  
uary, 1907, compels me to speak."

Mrs. Eddy says her father never  
used the language attributed to him.  
She asserts that far from having prac-  
tically no education, she was tutored  
by her brother Albert, in addition to  
her academic training. She quotes her  
mother to the effect that she had a  
sweet disposition.

Regarding her first husband's death,  
Mrs. Eddy writes:

"While on a trip the Wilmington,  
N. C., he was seized with yellow fe-  
ver and died in about nine days. I  
was with him. At his decease I was  
surrounded by friends and their pro-  
visions on my behalf were most ten-  
der. The governor of the state and  
his staff with a long procession follow-  
ed the remains of my beloved one to  
the cemetery."

"The phrase attributed to me by  
McClure is not mine. I never was  
especially interested in the Shakers,  
never dabbled in mesmerism, never  
was an 'amateur clairvoyant.' I never  
went into a trance."

She asserted that although the court  
records may state that the cause of her  
divorce from her second husband was  
desertion, it was nevertheless infid-  
elity.

General Krumpholtz's history of the  
Russo-Japanese war, which was con-  
fiscated in Russia December 28, will  
be published in Leipzig in April.

## HEALTHY PLANTS

Requires the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil-of sunshine-and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## Jan. 5 In History.

1689—Catherine de' Medici, cruel and intriguing French queen, died.  
1770—Zebulon Montgomery Pike, soldier and explorer of the Rocky mountains, born in Lamberton, N. J.; killed in battle 1813. General Pike fought in the battle on York (now Toronto). Stephen Decatur, commodore U. S. Navy, born in Maryland; killed in a duel by Commodore James Barron at Bladenburg, Md., 1812.  
1867—General Frankland, veteran of the Federal army and a well known economist, died in Boston; born 1841.  
1902—Ex-Premier Sagasta of Spain died at Madrid; born 1823.

## Jan. 6 In History.

1811—Charles Sumner, Massachusetts senator and statesman, born in Boston; died in Washington 1874. Sumner was among the earliest and ablest opponents of slavery. He held a seat in the United States senate from 1850 to 1874, a period covering the agitation of the fugitive slave law and Kansas-Nebraska bill, the civil war and reconstruction. For words uttered in a speech on the Kansas contest, he was assaulted in his seat in the senate chamber by Congressman Preston S. Brooks of South Carolina. Mr. Sumner acted as a confidential adviser of President Lincoln and served as chairman of the committee on foreign relations.  
1890—General Mortimer D. Leggett, a noted Federal veteran of the western armies, died in Cleveland; born 1815.  
1900—Main door attack on the British lines at Ladysmith; heavy fighting and casualties.

The proposed imposition of an income tax and an inheritance tax should not worry most people, for but a comparatively small percentage of the population have incomes large enough to be taxed, or expectations of inheritances that will reach taxable proportions. But the tariff tax, which protects trusts, is constantly getting in its insidious work and daily taking toll from all incomes and reducing the trifle that most people leave to their heirs, and yet the patient American citizen elects representatives to perpetuate this constant drain on his resources and does not even protest against the standpoint proclivities of a Republican Congress.

Whenever the Republican leaders see an opportunity to elect a trust magnate to the United States Senate they jump at the opportunity. Simon Guggenheim, the smelting trust magnate, has been elected senator from Colorado in return for having furnished the necessary hurdle to carry the state for the Republican ticket. What is the use of pretending to fight the trusts when the Republican party uses every opportunity to install trust magnates in the most important branch of Congress, where one senator has more power than four representatives of the people?

The Democratic members of the United States Senate can well afford to act as judges in the fight to a finish between the Republican factions over the riot of the negro soldiers at Brownsville, and see that equal justice is meted out, without regard to the prejudices of the Republican factions.

# STRICKEN WHILE ENGAGED AT WORK

EDWARD TIGHT SERIOUSLY ILL OF APOPLEXY AT HIS HOME NEAR ALEXANDRIA.

Wedding of Mary E. Field and Eugene Foster—Daily Granville News Budget.

Granville O., Jan. 5.—Mr. Edward Tight, a brother of Dr. W. G. Tight, president of the University of New Mexico at Albuquerque, a prominent farmer of Licking county, residing near Alexandria, is lying in a serious condition at the home of Mr. Harry Thomas in Granville, the result of a stroke of apoplexy sustained on Friday afternoon. Mr. Tight with Mr. Harry Thomas, was engaged in taking down the frame work of the "old gym" on College Hill, which was the first building used by Denison University on the old "college farm," and around which clings considerable romance. Mr. Tight was on the upper part of the building engaged at work when suddenly he was stricken with apoplexy and his entire right side was paralyzed and his speech affected, he being unable to utter any intelligible word. For a time he was in imminent danger of falling from the building, and the workmen were compelled to use ropes in order to lower him to the ground. He was taken to the home of Harry Thomas, where he remained in an unconscious condition for several hours. He has regained consciousness, however, and it is thought he recognized his wife. The attending physician says his condition is very critical.

On Monday evening, January 7, 1907, the annual meeting of the stockholders of the Granville Bank company will be held at which time the directors will be elected and other business will be transacted.

He is survived by his widow and two sons, Prof. W. E. Rees of Gannagua, Canada, and Fred Rees of Granville. The funeral will be held Sunday afternoon, and the interment will be made in the Welsh Hills cemetery.

## Long Live the King.

Is the popular cry throughout European countries; while in America the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Tauro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. Now Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it is the only sure cure. Guaranteed by E. O. ## CANNON'S CHOICE

Washington, Jan. 5.—The "omnibus bill," so-called, carrying appropriations for claims under the Bowman and Tucker acts and miscellaneous claims on which favorable reports have been made by the war claims committee, was before the house, and for nearly five hours the merits of the measure were exploited. The bill, however, hardly got beyond the starting stage when the house adjourned. On convening Speaker Cannon announced the appointment of Representative Enright of California to a place on the committee on mines and mining vice Mr. Williamson of Oregon, removed. The speaker based this action on the ground that Mr. Williamson had failed thus far to attend a single session of the Fifty-ninth congress. He has been convicted of participating in land frauds in Oregon.

# THIS AND THAT

Seems to be the open season for railroad wrecks.

The predictions of the weather man have been fairly good.

Ever notice a difference between a social and friendly call? Ask your wife. She knows.

If it was not for the fact that less of our men are also our poets, what they'd do to one would be plenty.

For the first morning since December 24 the day was clear and sunny. Twelve days of rainy, stormy weather; that'll do for a while.

Thirteen prize fighters were killed in this country last year; and thirteen, again.

An editor out in Kansas has 50,000 shares of oil stock that he wants to trade for a meal ticket. It can hardly be a "standard" brand.

"The Lion and the Mouse" will be next Thursday's offering at the Auditorium. One woman got Manager Matthews on the phone this morning and asked if he intended to have a "real live lion." She had no doubt about the mouse.

The owner of a large garden near Newark told the new hired man from the country, to trim the "currant" bushes. "Currants? What's them?" asked the man. "Don't know what currants are? Never saw the little red berries that grow in bunches, and on low bushes? Ever eat currant jelly? Ever eat currant pie?" explained the owner. Then the blow fell. "Aw come off, an' talk United States You mean 'cherries'."

The practice of boys jumping on street cars has become very prevalent particularly so on the West End lines. Parents should caution their children before a serious accident happens. Remember, when a boy gets a limb cut off, it doesn't grow out again like a lobster's. A street car conductor caught a boy stealing a ride Friday night and carried him through nearly to the police station, when he was released, the boy promising never to do it again.

# A HARD YEAR FOR SUFFERERS

EMINENT AUTHORITY GIVES ADVICE TO PREVENT CATARRH.

Make Some Up and Try It—Don't Cost Much, and is Said to Do the Work Promptly.

If all signs fail, this will prove a hard winter for those who are subject to a catarrh disease.

Prognosis for the coming months in this section are cold, wet weather, with lots of snow and sleet which means a damp, slushy winter and a havoc for the doctors and patent medicine manufacturers unless great pains are taken to dress warm and keep the feet dry.

This is the advice of a well-known local physician and should be heeded by all who are subject to rheumatism, kidney and bladder troubles and especially catarrh. While the latter is considered by most sufferers an incurable disease, there are few men or women who will fail to experience great relief from the following simple home prescription, and it taken in time it will prevent an attack of catarrh during the entire season.

Here is the prescription which any one can mix: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Serrapapilla three ounces. Shake well in a bottle and use in teaspoonful doses after each meal and again at bedtime.

These are all vegetable ingredients and can be obtained from any good prescription pharmacy at small cost. The Compound Kargon in this prescription acts directly upon the eliminative tissues of the kidneys to make them filter and strain from the blood, the poisons that produce all forms of catarrhal affections. Relief is felt even after the first few doses and it is seldom that the sufferer ever experiences a return attack within the year.

This prescription makes a splendid remedy for all forms of blood disorders and such symptoms as lame back, bladder weaknesses and rheumatism pains are entirely dispelled.

As this valuable prescription comes from a thoroughly reliable source, it should be heeded by every afflicted reader.

September Term of Common Pleas Adjourns—Divorce Suit—Budget of Notes.

An affidavit was filed in the Probate court by Fred J. Moore, superintendent of the electric railroad, charging that George H. Hinger Jr., Robert Toothman and Arthur Barcus, small boys, on or about January 3, 1907, interfered with and removed copper fastening or hasps from the electric railroad track. This is a very serious offense, the maximum penalty being \$500 fine and imprisonment in the penitentiary. The boys were brought into court Friday and all pleaded guilty to the charge, and the court set the final determination of the case at 10 o'clock Saturday in order to hear the evidence and determine the punishment. After a full hearing of the case the court ordered each one of the defendants to pay \$5 and costs and to stand committed until paid, and also ordered the boys committed to the Boys' Industrial Home at Lancaster, sentence to be suspended pending good behavior.

## Suit for Damages.

Mitri Vellis has commenced suit in the Common Pleas court against the Wehrle Stove company of this city, for \$5000 damages. Vellis says that on February 19, 1906, he was in the employ of the company; that it was his duty to remove scrap iron from one place in the factory to such other places as might be directed by the foreman. Plaintiff says that by direction of the foreman he entered an elevator, which was unsafe by reason of its being out of repair, and that while he was in it, the elevator fell to the lower floor, badly injuring him by breaking and fracturing the bones at the ankle of the left leg, and three of the rib bones of the left side, and bruising and lacerating his body. Plaintiff says his health has been permanently disabled and crippled for life, to his damage in the sum of \$5000, for which he asks judgment. Russell & Horner, attorneys for plaintiff.

## Reply to Amended Petition.

Charles C. Forry, as receiver of Beatty & East, has filed his reply to the amendment to the answer of the Newark Natural Gas company. He says that it is not true that the value of the stock of drugs and property of the plaintiffs, damaged by the explosion did not exceed \$1200, nor is it true that all loss and damage was fully compensated and discharged by the payment to the plaintiff by the Union Insurance company of Philadelphia, Pa., of \$900. Plaintiff demands judgment. Flory & Flory, C. C. Forry and E. S. Randolph, attorneys.

## Amended Answer.

In the case of the Franklin Bank company vs. David M. Smith and Jennie C. Smith the defendants have filed their answer to the petition of plaintiff and deny every allegation not admitted to be true. Smythe & Smythe, attorneys.

## Reply to Answer.

In the case of Wm. J. Finley et al. vs. C. O. Coleman, the plaintiff has filed his reply to the answer of the defendant. Aside from admitting the sale of the property plaintiff denies all the allegations made and asks judgment.

## Answer Filed.

In the case of O. W. Brown vs. John De Wolfe, the defendant has filed his answer. He admits that a part of the machinery was removed from Johnstown to his farm in Jersey township, and that he refused to remove the remainder of the machinery. He also admits that he refused to excavate ground for the foundation of a mill, but aside from this denies all the other allegations of plaintiff. Plaintiff asks that this action be dismissed at the costs of the plaintiff, and for all other relief. B. F. McDonald, attorney.

## Court Notes.

On affidavit of H. M. Smith a Pan Handle railroad detective, Barney Soustin, was arrested on the charge of taking from a railroad switch a lock belonging to the Pan Handle company. The case was set for January 12. Soustin gave bond in the sum of \$200.

## PROTEST MADE

Against Diversion of Jamestown Expo to Service of Militarism.

Boston, Jan. 5.—A lengthy protest by members of the advisory board of the Jamestown exposition against "the diversion of the exposition to the service of militarism," was issued here. The protest is made by Carroll D. Wright, president of Clark college; Edwin D. Mead and Rev. Edward Everett Hale, D. D., of Boston; Cardinal Gibbons of Baltimore; John Mitchell, president of the United Mine Workers of America; Miss Jane Adams of Chicago, and others. The document says: "The purpose to make this great exposition primarily a naval and military spectacle to intoxicate the American people for six months by a great living picture of war with all its enticing splendors; encouraging the notion that war is a thing of splendor, a pageant and a game, instead of a horror, and today almost invariably a crime, was not known, was not avowed, and has clearly been a gradually evolving purpose, whose carrying out, as now advertised, can only work immense mischief to the country. We solemnly protest against it."

Curfew comes from French "Couvre le feu," or "couvre feu" meaning cover the fire.

# School Shoes

THE merit of our School Shoes is unquestioned. We have been exceedingly careful in the selection of this very important part of our stock. We realize that it is no-use for us to sell a shoe to Boys or Girls going to school, that will not wear well. It would be folly to do so. Our reputation is, in a measure, due to the attention given this particular line. As in the past, we expect to sell for a long time to come, the kind of school shoes that will insure your continued custom. All we ask is a trial of our school shoes. Afterwards you'll come here of your own accord.

## NEWARK'S SOLDIERS WERE DEFEATED

Company K of Delaware Was Too Strong for Locals and Game Was One Sided.

In a one sided game the fast Company K team of Delaware defeated Company G of Newark at the Main street armory Friday night in a basketball game by the score of 14 to 0. The fast team work of the visitors seemed to amaze the Company G boys and on several occasions a visiting player would be trying for a goal with no interference whatever.

This being the locals' first game fouls were frequent, all the Company G boys being new to the game except Smart. The Delaware boys scored but four points on fouls out of 12 chances. Newark scored 3 out of 6. Howard and Bush were the bright stars for the visitors and they scored all but 6 of their points. Howard made 10 baskets while Bush made 5.

For Newark Rider and Smart did the best work. Rider played a steady and consistent game. Smart scored 4 of Newark's 5 points. The lineup: Newark—Crist 1; Smart 1; Deedim-Monnett 0; Rider 3; Gray 1; Delaware—Grogge 1; Bush 0; Howard 0; Darward 3; Kelschener 1.

Summary—First Half: Goals, Bush 3, Howard 1. Goals from fouls, Bush 3, Smart 1.

Second Half: Goals, Bush 2, Howard 5, Darward 3, Smart 1. Goals from fouls, Bush 1, Smart 1. Referee, Dolan of Delaware. Umpire Bell of Newark. H. S. Timer, Steinkemper. Scorer, Nohls.

The Testimony of Newark People Stand the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Newark people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

F. Tilley, commission merchant, of 30 South Fourth street, Newark, O., says:

"I have had no occasion to use any kidney medicine since 1896, and therefore think more than ever of Doan's Kidney Pills. They cured me eight years ago, and I made a statement for publication at that time recommending Doan's Kidney Pills. This statement I will repeat for the benefit of other sufferers from kidney troubles."

"For several years I was distressed and annoyed with pain in the back just over the kidneys, and whenever I stooped or tried to lift anything the trouble became acute. Treatment had failed to bring me relief and at last I laid aside the prescriptions I had been using and went to Crayton's drug store for a box of Doan's Kidney Pills. The use of this remedy proved so effective that my back has been sound ever since I used Doan's Kidney Pills eight years ago. I therefore have no hesitation in recommending them to others."

## MONEY OFFERED BY CARNEGIE

For Building to Be Used by Bureau of American Republics.

## PRESIDENT ACCEPTS GIFT

Provision Made For the Site by the United States and the South American Nations — President Roosevelt Writes a Letter and Secretary Root Issues a Statement.

Washington, Jan. 5.—Andrew Carnegie has offered the sum of \$750,000 for the construction of a building to be used by the Bureau of American Republics, the governments of the United States and South American republics having made provision for the site. Mr. Carnegie's letter offering the gift is addressed to Secretary Root as ex-officio chairman of the governing board of the bureau of South American republics, and reads as follows:

I am greatly pleased that you and your colleagues of the South American republics have done me the honor to suggest that I might furnish a suitable home in Washington for the Bureau of American Republics. I am happy in stating that it will be one of the pleasures of my life to furnish to the union of all the republics of this hemisphere the necessary funds, \$750,000, from time to time as may be needed, for the construction of an international home in Washington. The cooperation of our own republic is seen in the appropriation of funds by congress for the purchase of the site and in the agreement between the republics for the maintenance of the bureau. We have additional evidence of cooperation, so that the forthcoming Temple of Peace will be the joint work of all of the republics.

President Roosevelt wrote to Mr. Carnegie as follows:

I am so much pleased at learning from Secretary Root what you are going to do for the Bureau of American Republics. You have already done substantially the same thing for the cause of peace at the League. This new gift has an almost equal significance as far as the cause of peace in the western hemisphere is concerned, for the Bureau of American Republics is destined to accomplish for this hemisphere what the House of Representatives is striving to accomplish for both hemispheres. I thank you heartily.

Secretary Root made the following statement:

The idea is to have the building a notable example of Latin-American architecture, and to have in it places which may be the headquarters of each Latin American nation or group of nations as they may arrange it. There are to be in it also reading rooms in which the Latin American newspapers and magazines will be found and such quarters for the library, which has already received over 12,000 volumes, that the library can be readily consulted, and to have a place that will be a meeting place for Latin Americans who come to the United States.

All the leading hotels, restaurants, and dining cars serve Mrs. Austin's Pancakes for breakfast. Much better than others.

## STOP DRINKING!

## Orrine Destroys all Desire for Drink How to "Swear Off."

One out of every seven drinking men swear off religiously at New Year's, but how few of the good resolutions are carried out. WHY NOT? Because the continual drinking in the past has weakened the nerve cells of the human system until the craving for drink has fastened itself so strongly that temptation cannot be resisted.

Thousands of persons who really want to quit the use of whiskey and beer realize that they cannot do so without medical help, yet they cannot afford the time or perhaps the money to go to a sanatorium. Happily a cure for drunkenness has been discovered which is to be taken at home and costs less than the average drinker will spend in a day for drink.

Mothers, wives and sisters can give Orrine without the patient's knowledge. Orrine No. 1 is to be given secretly. It is perfectly tasteless, colorless and odorless. Orrine No. 2 is for those willing to take the remedy. Either form costs but \$1 per box. Mail orders filled on receipt of price.

One of the cardinal principles of the order, as indeed is the case with all fraternal societies, is that the brethren help one another. That is the true object of organization—a union of thought, a union of strength and a union of action. In trouble, need, sickness or any other infirmity, in joy, gladness or prosperity, at all times and in all places, the same feeling of kindly interest in each other's welfare should prevail.

There are forty-six companies of the Uniform Rank in Indiana, with about 2000 members.

## HIT HIS MOTHER WITH A SKILLET

MRS. MARY THOMPSON MAKES THIS CHARGE AGAINST BOY AGED 21.

Mayor Said \$5 and Costs Then Tacked on Thirty Day Sentence for Good Measure.

Fred Thompson, a colored lad about 21 years old, was arrested on Friday afternoon by Chief Sheridan and Officer Zergiebel at the Klondyke saloon and lodged at the city prison charged with assault and battery. His mother, Mary Thompson, filed an affidavit for the warrant charging that Thompson struck her over the head with a skillet. She exhibited several wounds in her head to prove her statements. Mrs. Thompson lives on East Main street, where the assault occurred.

Thompson at first pleaded not guilty, but thought better of the situation and changed his plea. He drew a fine of \$5 and costs and a 30 day jail sentence. He told the mayor that his mother was in the habit of getting intoxicated and abusing him with her tongue. The lad's fine and sentence will keep him in jail for 46 days. He will get out in time to celebrate Washington's birthday.

The officers had a merry time hunting Thompson in the saloon. He secreted himself when he saw the officers coming and they searched some time before he was found. Thompson served time in the Mansfield reformatory for shooting a man in the face with a revolver several years ago.

George Good who was locked up on suspicion Friday afternoon, was released from custody Saturday morning when his case was called for hearing. He was charged with having in his possession a quantity of aluminum wire alleged to have been stolen from the street railway people. There was no evidence that Good stole the wire so the case was dismissed. The police retained possession of the goods and will make an effort to find the thief.

Two of the Old Guard who have been long since put on the list of regulars at the city prison, were brought in last night by the patrolmen. They are Charles Hagerty and Joe Caldwell, both charged with being drunk. Their pleas of guilty came readily, and they were sent back to crack

stone awhile. Hagerty was found by Carroll early in the evening and while the officer was hunting an express wagon in which to haul the paralyzed prisoner to the bastille he disappeared. Two night men found him later and used a back.

The bride has not attained her 18th year.—Utica Herald.

**COLVILLE-MILLER.**  
Johnstown, Jan. 5—A pretty home wedding was that at the residence of Mrs. Godfred Miller, New Year's eve, the contracting parties being her accomplished daughter, Miss Orpha, and Mr. Valentine Colville of Alexandria. They were married by Rev. A. H. Lathrop, in the presence of about thirty guests. The groom's brother, Mr. R. M. Colville and Miss Nina Harris were the attendants. Little Elizabeth Miller was ring bearer. The wedding march was played by the bride's sister, Miss Nellie Miller.

Mrs. Colville was until recently chief operator here for the Johnstown and Croton Telephone company. Mr. Colville is one of Alexandria's hustling young business men, being junior member of the firm of Cubbage & Colville.

**WELLS-BENNER.**

## HOGAN WANTS TO SELL FRANCHISE

Marty Hogan's move in offering the Youngstown franchise for sale has created a sort of a furor in the league. There have been faint rumors for several months that the McDonalds and Hogan would like to join the Central league but it was thought to be largely talk. Now it begins to look as though some one meant business.

It would no doubt be a bad thing for the league if Youngstown pulled out as it would mean practically a redistribution of the O-P. and Central league territory. This would without doubt prove a rather disastrous thing for all the towns in the western end of the circuit.

Hogan does not deny that he has offered his franchise for sale.

## GO TO PHILIPPINES.

Washington, Jan. 5—Orders were issued today by the secretary of war directing the three regiments of colored troops now in this country, the 25th infantry, 9th and 10th cavalry to proceed to the Philippines. The only other colored regiment is already there. There is no doubt whatever that this action is a direct result of the Brownsville affair.

NEWARK RURAL MAIL CARRIER MADE TRIP AND CAME UP SMILING.

Lee J. Drumm who carries mail on Route No. 5, is Man Who Accomplished It.  
Lee J. Drumm, a rural mail carrier from the Newark postoffice, made the "boys" all look pale Friday evening when he entered the office on schedule time after having walked the entire distance over his route, as the result of a wager with a fellow employee. Mr. Drumm delivers on R. F. D. No. 5 and in his rounds covers a territory of 21 miles. Friday morning some of the carriers began joking with him about "footing" it over the muddy roads and one went so far as to propose a wager which was at once accepted by Mr. Drumm. So, leaving the office with 60 pounds of mail, in two sacks, at 9:20 a. m., he carried the entire route on foot and arrived at the office only slightly fatigued at 4:10. It is needless to say that he won the wager.

the title of the play that will re-introduce Amelia Bingham and a strong English company at the Auditorium Monday, January 7. The ghost is not the main thing in "The Lilac Room." It is but incidental to one of the most charming love comedies and character studies ever seen on a stage.

**COMING ATTRACTIONS.**  
The Missionary Ladies of the First M. E. church have engaged the Auditorium for an entertainment to be given by local talent on Thursday evening, January 21st. The affair will be under the direction of Mrs. Mar-

secret Hunt Ruff, who has been especially engaged for the purpose.

H. M. Harvey, in advance of the Barnum & Bailey circus was a box office guest at the Auditorium this week. Mr. Harvey is a successful young show hustler and newspaper man, who originated in Iowa. He received highly complimentary mention in a recent issue of the Billboard which published his picture.

Samuel C. Mott, representative of "The Lion and the Mouse" company, was in the city Tuesday arranging for the appearance of the attraction here. Mr. Mott with all the members of the company, experienced the San Francisco earthquake. Fortunately the baggage had just been removed across the bay to Oakland the evening before the disaster or the belongings would all have been lost. All of the company escaped injury.

Every woman who loves pretty clothes, and what woman is there who does not, will wish to see Miss Amelia Bingham in her great modern society comedy drama in which she will appear at the Auditorium on Monday, January 7, for Miss Bingham has been famous for several years as being America's best dressed actress and in "The Lilac Room" her gowns are more magnificent and beautiful than ever before. Her first act dress is a white cloth walking suit with a three-quarter length white coat, which has been copied more extensively by New York's smartest women, it is said, than any other new fashion ever introduced in a play. Her second act dress is an evening gown made for her by Parquet in Paris and sent by him with Miss Bingham's permission for exhibition at the St. Louis Exposition, where it was awarded first prize. In the third act she wears a Princess black velvet which shows her beautiful figure to perfection and is a model of the dressmaker's art, while in the last act she wears a \$1,000 seal skin coat warranted to arouse the admiration of not the envy of every woman in the audience.

Neil Burgess in "The County Fair" is one of the high class attractions booked for the near future, at the Auditorium. One of the charms of Neil Burgess is that he and his audiences are in such perfect rapport with each other. His Abigail Prue in "The County Fair" seems like some dear old country relative that we not only know well but that we have some sincere and genuine affection for. Mr. Burgess himself says when he is dressed for the part he really feels Aunt Tabby. He, so to speak, puts on the character with the garments and it seems to him that the audience are his people and his friends. He never loses his interest in the "dear old lady," and realizes that his audience feels her reality as he does himself. After the play is done and the audience has left the theater Mr. Burgess tells us that he comes back to his masculine self with a jump and looks at Aunt Tabby as a real old lady, sweet, kind and impulsive, but in no way related to himself. And with the masculine garments comes Neil Burgess, the manliest kind of man, one who is interested in all modern inventions, all scientific investigations, especially electricity and all sorts of modern machinery. The production of "Ben Hur" and his mechanical genius when it made such a remarkable run in the larger cities. Mr. Burgess is supported by an excellent company.

A superb scenic and elaborately costumed production of "Dorothy Vernon" of Haddon Hall under the direction of Ernest Shipman, with Laura Hunt, Henry S. Sanford and a number of prominent English actors is scheduled for production at the Auditorium. None of the local scenery, properties or furniture will be used. Mr. Shipman has surrounded Miss Hunt and Mr. Sanford with a company of much strength. Liberty and good taste are conspicuous in the mounting of the play. All of the four acts are rich in picturesque and striking architectural effects, and

exterior and interior scenes of Haddon Hall, notably that of the terrace with its rich foliage and charming creepers being scenic masterpieces.

Salary day with "The Way of the Transgressor" which will soon be here, presents a novel sight. When the members of the company receive their weekly salaries the four Land-seer dogs that take part in the production line up the same as their human fellow laborers. The manager then presents each of them with a bag of fine confections made in England. These candies are made by a noted firm of confectioners in England and during the dogs' stay in that country they were constantly being treated to them by members of the royal family. Since their arrival in this country they look for a package of these every day and it is generally believed that if they should fail to receive them that there would be a strike in the company in which the canine actors would be the only people engaged. Members of the company claim that the dogs know when salary day arrives as well as they do.

## THE CITY PATROL

Our city patrol is a wide awake crew. And always present when there's work to do. And if you don't like the grip of their paw, You had better strictly obey the law.

For they walk the streets, both day and night, To see if all is moving aright, And if one is found who has broken the peace, He will surely be cared for by our police.

Then he can rest sure and content, To Mayor McHenry he will be sent, To answer his oath what ever it be, Had conduct, theft or a common spree.

And if dollars and cents fail to make all well, Down he will go to the Reformatory, Or else take a walk to the James McCrum inn, To catch some while he repents of his sin.

Our chief of police has the nerve and is spy, And you cannot escape his watchful eye, And if you transgress he will have you and in, Then the never your pockets will empty of tin.

To the force, the chief and every man, All honor and respect is due, For a quiet city in which to dwell, And a lot of peace and happiness as well.

**A Memorable Day.**

**Universal Eight-Hour Day and a General Increase of Wages Desired by Conductors, Engineers and Trainmen—Meeting of Representatives of Railroad Organizations at Chicago.**

Chicago, Jan. 5.—An ultimatum is declared to have been prepared here to be presented to the heads of the leading railroad companies, which threatens to involve in a strike railroads employing 1,450,000 persons. The number of men whom this order may affect will be 175,000. Three powerful organizations, it is declared, will unite to enforce demands for a universal eight-hour day and general increase of wages of from 5 to 25 per cent. The organizations joining in this demand are the Brotherhood of Railway Firemen and Engineers, with 64,000 members; the Brotherhood of Railway Trainmen, with 87,000 members; the Order of Railway Conductors, with 30,000 members. This ultimatum, it is declared, was prepared at a meeting of representatives of labor organizations at the Sherman House.

P. H. Morrissey, grand chief of the Brotherhood of Railway Trainmen; A. B. Garretson of the conductors and John J. Hannahan, grand chief of the Brotherhood of Firemen and Engineers, are the leaders in the move. They are in conference with representatives of other railway labor organizations. None of these would discuss this ultimatum report. It is reported that the delegates were a unit on the policy outlined. Chicago representatives of the Rock Island railroad and of the Burlington railroad are said to have received the committee, but to have given it no satisfaction. Grand Master Hannahan of the Brotherhood of Locomotive Firemen and Engineers has E. H. Harriman's ultimatum, which he will lay before the board. The next 48 hours, it is expected, will settle the question of a strike.

**Effort to Relieve Car Shortage**

Chicago, Jan. 5.—The railroad presidents of Chicago made a personal appeal to the Chicago Commercial association to join hands with them in a friendly and united attempt to improve existing transportation conditions and relieve the present car shortage. Arrangements were made for a meeting Monday between the executive committee of the association and the railroad men to discuss the arguments which the railroads have presented to show that a reciprocal demurrage law would be unfair to the railroads and a positive injury to the shippers. While these negotiations were being exchanged a convention of shippers, representing 40 associations in 20 states, met here and went on record in favor of securing demurrage.

William Tyndal, a B. & O. yard employee, had his left foot badly mashed Saturday morning by a tie which slipped from a pile in the yards. He was taken to his home on South Cedar street.

**STEAMER AFIRE**

Four Passengers Suffocated, One Drowned and Another Lost His Mind.

Christiana, Jan. 5.—News was received here of a disaster which overtook the mail steamer Lindholm, which plies between this port and Bergen, off Farsand. The steamer was discovered on fire. A strong gale was blowing at the time, and the flames soon spread to the saloons and cabins. Thirty passengers, most of them seafolk, hurried from their quarters to get on deck. Four of them were suffocated in their efforts to get out. Others jumped overboard and one was drowned. Another passenger went mad.

Miss Anna M. Jones 40, a private nurse formerly chief nurse at the Protestant hospital, Columbus, feeling ill, took an overdose of morphine and died.

**Inquisition Endeavoring to Determine Whether Any of the Roads of the Country Are Consolidated in Restraint of Trade—Review of the Testimony.**

New York, Jan. 5.—The investigation by the interstate commerce commission of the so-called Harriman railroad properties, which opened in the Federal building here, was the plot of "Hamlet" with Hamlet left out. It was confidently expected that Mr. Harriman, the Wall street wizard and railroad giant, would be called to the stand. He was, however, too ill to appear, and was excused.

Modern methods of combining mammoth railway systems and extending the principle of community of interest were delved into at great length by the interstate commerce commission. From here the commission goes to Chicago. Several other cities will be visited before all the testimony that is desired is in the hands of representatives of the government, whose object is to determine whether any of the railroads of the country are consolidated or combined in restraint of trade.

At the hearing in this city it was brought out and admitted that the Union Pacific Railroad company, the Southern Pacific company, the Oregon Short line and the Oregon Railroad & Navigation company are practically under the same administration, Mr. Harriman appearing as president of each company, with only slight variations in the lists of other officers.

It was further shown that the Southern Pacific company owns the Pacific Mail Steamship company; that the Southern Pacific company and the Union Pacific together hold a majority of the stock of the Occidental & Oriental Steamship Co., and that the Harriman interests are in control of the Portland & Asiatic Steamship company. All three of these lines run steamers between either San Francisco or Portland and the Orient. It was said the Occidental is in liquidation, but is still operated. On the Atlantic ocean it was shown that the Southern Pacific owns the line of steamers running between New York and New Orleans formerly known as the Morgan line.

The Union Pacific, by means of an agreement signed by Mr. Harriman and Senator William A. Clark, has a traffic arrangement with the San Pedro, Los Angeles & Salt Lake railway extending over a period of 99 years. The Union Pacific exercises joint control with the Chicago, Rock Island & Pacific railway over the Chicago & Alton. The agreement is that the Union Pacific shall have charge of the road one year and the Rock Island the next. This agreement, entered into by Mr. Harriman and W. B. Leeds, extends for a period of 10 years from 1904. Of the holdings in other roads by the Harriman companies, it was alleged that the stocks of the Illinois Central, Baltimore & Ohio, New York Central, Chicago & Northwestern, Chicago, Milwaukee & St. Paul, Atchison, Topeka & Santa Fe and St. Joseph & Grand Island, aggregating in value \$100,292,745, have all been bought since July 1, 1906.

**Charged Overweights.**

New Orleans, Jan. 5.—Taking of testimony closed in the hearing of southern lumbermen before the state railroad commission on the claim that \$1,000,000 annually is lost to lumbermen through overweights charged by railroads on lumber shipments. F. O. Becker, superintendent of the western weighing and inspection bureau of Chicago, principal witness for the railroads, denied that cars were heavy with dirt, and submitted figures to show that old cars, instead of being heavier, as the lumbermen claim, average 178 pounds lighter, which loss railroads bear.

**Gave Train Stop Signal.**

Washington, Jan. 5.—The coroner's jury investigating the Terra Cotta wreck of Sunday night on the Baltimore & Ohio railroad heard testimony from the telegraphers and others at the Silver Springs, Takoma and University stations, all of which went to show that the two trains received a white light at Silver Springs; that the passenger train cleared Takoma for University, and that the "dead" train ran by a red light at Takoma. The Takoma operator was corroborated by four eye-witnesses as to his statement that he gave the "dead" train the stop signal.

**Reach an Agreement.**

Springfield, O., Jan. 5.—The long and bitter fight between the Brice-Thomas syndicate and the Ohio Fuel Supply company, competing companies striving for natural gas franchises in Ohio cities, ended when the former signed a contract with the latter to buy from it 2,000,000 feet of gas per day. The first named supplies Springfield, Dayton, Troy, Sidney, Urbana and other Ohio towns with gas. The Ohio Fuel Supply company's main will be tapped at South Charleston, 12 miles east of here. The contract is the sequel of the Garrard company's attempt to get into Springfield.

**Martin Murder Mystery.**

Cleveland, O., Jan. 5.—It has been developed by the police that the two foreigners who were found in the saloon of Thomas J. Martin, saloon keeper, who was mysteriously murdered, had nothing to do with the crime. Two other men have been found who witnessed the murder. It was done by two men who entered the saloon as Martin was counting his money ready to close up. They said: "Now we've got you," and started to shoot. The four men are being held as witnesses.

**Found Dead in Hotel.**

Cincinnati, O., Jan. 5.—Terrel Thompson, 25, until recently an employee of the Merchants' National bank, was found dead in a chair in the Emory hotel. There was a gaping hole in his right temple and a revolver by his side. Thompson left a note asking that the bank be notified. He also left a pathetic note to his parents, who live at Brookville, Ky. It is said that Thompson's borrowing from other employees caused his discharge from the bank last Saturday.

**Flood at Columbus.**

Columbus, O., Jan. 5.—A freshet in the Scioto river, resulting from the recent heavy rains, flooded the lowlands in the vicinity of Columbus and caused suspension of work at a number of factories along the river, but the water is receding. Traffic on the traction line between Columbus and the suburb of Arlington was interrupted and a score of families were driven from their homes. The damage, however, will not be great.

**Ice Men Strike Back.**

Columbus, O., Jan. 5.—The officers and executive committee of the Middle States Ice Producers' Exchange have decided to hold the spring convention at Louisville, Ky., May 6, instead of Columbus, as was originally intended. This action, according to one of the officers, was taken largely on account of the crusade which has been made by a local newspaper against the so-called "ice trust" of Columbus.

**White's Move.**

Lebanon, O., Jan. 5.—Henry White, the convicted murderer of Marshal George Bashore of Franklin, whose sensational escape and recapture occurred only a few weeks ago, may get a new trial. The motion for one has been argued by the attorneys, who consumed two days' time. The court reserved decision until next week.

Philadelphia, Jan. 5.—R. C. Flower, alias C. G. Dalney, who has been a fugitive from New York since 1903, where he is wanted to answer charges of grand larceny and swindling creditors out of about \$1,000,000 on alleged bogus mining operations, was arrested in this city by Detective Sergeant McConville of New York and several local officers.
